That man is...

Welcome back.
I scored this...so it's going to be mine.

You did it again?
Don't we have enough?

Don't do anymore.
For a while. We will let a merchant see the goods, but if they refuse to buy them, it won't do any good.

Guard here.

Yi... what are all these...?

I told you to guard, but you sleep?

Hmm... you're back already? How did it go..?

It wasn't easy, but I did manage to find a merchant.

Don't ask us what's we got those from. I'd like you to buy all of those.

Let me see them first.

Whistle!
You've stockpiled a lot.

Huh...?

What happened here?
Why is it messy here?

What took you so long?!

It's my Father's mercenary group...!
